

Rock Cottage Glass

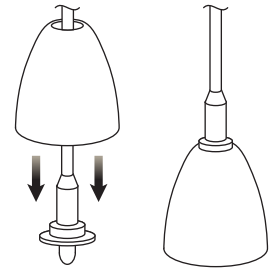

**Gravity-Fit Shade:
Large Cone Shade**

Catalog No. _____

Type _____

Project _____

Rock Cottage Glassworks hand makes every piece of glass. Multiple layers of clear glass and colored glass are combined to create color effects not found in factory glass. This special process can create air bubbles, variations in the color and thickness of the glass. These qualities are typical and unique to high quality hand blown glass. Rock Cottage Glass Shades are crafted for Con-Tech's Gravity-Fit pendant fixtures. See the Pendant Compatibility Chart for specific usage.

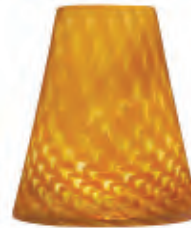

Gravity Fit Assembly

Dimensions: 6-3/8"H x 5-5/8" Dia.

Optic Swirl

RCG124

Pineapple Twist

RCG674

Cobalt Sky
