

# Rock Cottage Glass

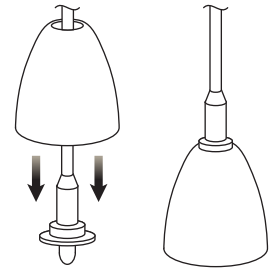

**Gravity-Fit Shade:  
Small Cone Shade**

Catalog No. \_\_\_\_\_

Type \_\_\_\_\_

Project \_\_\_\_\_

Rock Cottage Glassworks hand makes every piece of glass. Multiple layers of clear glass and colored glass are combined to create color effects not found in factory glass. This special process can create air bubbles, variations in the color and thickness of the glass. These qualities are typical and unique to high quality hand blown glass. Rock Cottage Glass Shades are crafted for Con-Tech's Gravity-Fit pendant fixtures. See the Pendant Compatibility Chart for specific usage.

Gravity Fit Assembly

**Dimensions: 3-3/4"H x 4-1/8"Dia.**

**Optic Swirl**

**RCG123**

**Pineapple Twist**

**RCG673**
