OPTIC-TWIN

Wall Sconce

Up/down lighting with exclusive "Optic" reflectors: eighteen optical coatings on a crystal reflector gives superior illumination capabilities. Reflectors take on a "silver" finish when not energized and an iridescent blue when lighted.

Two (2) Built-in 60W 120/12V electronic transformers.

Fixture is milled from solid brass and finished in hand-polished chrome, platinum or 24K polished gold plate.

Rated for 12 or 24 volts.

Height: 8-5/8" (220mm).

Width: 2-1/2" (65mm).

Depth: 4-1/3" (110mm).

Lamp: (2) 50W (max.) Low pressure T4 axial (vertical) filament, clear or frosted lamps, GY6.35 base.

Fixture is covered by one year replacement guarantee after date of purchase.

cULus listed. New York City Approved.
